

The Cost of Project Antioch

2025-2026

Project Antioch is a very affordable program but there are real costs associated with it. The Southwest Church of Christ, individual donors, and partnering churches have made a major financial investment in this program because they believe it will have a powerful impact on your life and help strengthen the body of Christ.

Basic Program Fee: \$7,500

This fee includes:

Room & Board & Tuition
The Cascade Trek
All Group Excursions
International Mission Trip

In addition to the Basic Program Fee, there may be extra expenses based on your own individual circumstances. Plan for things like:

Extra Expenses: \$400-\$1500

This fee **could** include:
Textbooks for classes
Gas & spending money
Travel to Tigard, OR
Passport, Medical insurance
Other essentials

How do I pay for all this?

Personal Investment

As Proverbs 4:7 says, "The beginning of wisdom is this: Get wisdom. Though it cost all you have, get understanding." (NIV). Your spiritual life and growth is worth your investment. **We recommend that you contribute at least 10-20% of the total expenses from your own personal pocket (around \$750-\$1500).** It is good to learn now, at this critical time of life the importance of investing financially in your spiritual growth and development as a Christian.

Fundraising

Project Antioch is an intense discipleship training program that culminates in a mission/service experience. **You should feel good about seeking financial support from friends, relatives, and churches to help you participate in this program and develop yourself for kingdom service.** It is a humbling and awesome experience to have people who care about you invest in your personal & spiritual growth. Contact Darren Williamson about scholarship opportunities.

Payment Schedule

May 1
